ACT: Project's global objective

The project ACT proposes the definition of a new professional profile, that of the "Media Accessibility Expert/Manager for the Scenic Arts", and also the various types of training activities associated to this professional.

Goal

Creating training materials

- free & open-access
- flexible
- modular
- customisable

to be used to train audio-describers both in academic contexts and in professional (in-house) contexts.

Training to deliver Quality

- University courses → Certification
- Industry – Courses and exam at ECQA
