Period: 2021-2023.

Funder: AGAUR (Catalan Government).

Reference: 2020PANDE00024

This project aims to establish a longitudinal panel cohort of salaried workers in Spain to characterise key indicators of work organisation. Its goal is to provide a sustainable platform for ongoing research into the relationship between work organisation and workers' health. The team comprises thirteen researchers drawn from POWAH, which leads the project, as well as [QUIT](#), [ISTAS-F1M](#), [DRELATES](#), [GREMSAS](#) and [GRID](#).
